TRANSMITTAL OF REPLACEMENT SEQUENCE LISTING

Assistant Commissioner for Patents
Washington, DC 20231

Sir:

The sequence listing filed herewith in paper and computer-readable copies differs from the previously filed sequence listing in that it adds one new nucleic acid (mRNA) sequence, which was incorporated into the specification by reference. Specifically, SEQ ID NO:46 is the sequence that was provided by reference to Genbank Accession no. Z70522 on page 11 lines 28-35 and on page 24 lines 33-38.

The sequence information recorded in computer readable form is identical to that of the written Sequence Listing submitted herewith.

Pursuant to M.P.E.P. § 608.01(p) I(A)(2), the undersigned hereby declares that the amendatory material consists of the same material incorporated by reference in the captioned application. The undersigned further declares that all statements made in this declaration are true and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both, under section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

No fees are believed to be due for the submission of this replacement sequence listing. If any fees are due, however, the Commissioner is authorized to charge the fees to deposit account no. 50-1108.

Respectfully submitted,

Dated: August 5, 2002
